

ETW'01 Social Event

The social event and workshop dinner will take place on Thursday, May 31. We will start with lunch served on the steamship Waxholm III built 1903, which will travel through the archipelago of Stockholm.

The boat trip will end at the Stockholm Old Town, where the Swedish Royal Palace is located. After a guided tour through the Old Town, a bus will take us to the Vasa Museum, where the warship Vasa—the only remaining, intact 17th century ship in the world—is kept.

Afterwards a bus will take us through the Stockholm city center and to the City Hall, where the Nobel prize dinner takes place on December 10 every year. We will enjoy a Swedish dinner at the City Hall before returning to the workshop hotel.
